

Fundamentals of Jungian Psychology

Individuation in Fairy Tales

Fall 2013

Classes offered by the C. G. Jung Institute of Colorado

A great many fairy tales are about the process of growth and development. They describe in a straight forward way the problems and challenges of life and the process of individuation. These 4 classes will provide the opportunity to explore the fairy tales listed below with analysts of the Jung Institute of Colorado. Through discussion and reflection you will delve into the richness and wisdom of these tales, discovering how the tale might offer insights into your life. The classes are designed to be enjoyed by beginners as well as individuals who are "experienced" in Jungian studies. The classes are on Wednesday nights. Copies of the fairy tales will be provided either by email or hard copy.

<u>Dates</u>	<u>Topics</u>	<u>Instructors</u>
