

# Dream Interpretation in Jungian Psychology

Fall 2015

Classes offered by the C. G. Jung Institute of Colorado

Jungian Psychology connects us to the rich and mysterious inner world that our culture so often discounts. This class will look at that inner world through the Jungian approach to dream interpretation. The analysts of the Jung Institute of Colorado will lead discussions of important aspects of this work with participants. This is an excellent opportunity to work with members of the Jung Institute, and the classes are designed to be enjoyed by beginners as well as individuals who are “experienced” in Jungian studies. The classes are on Wednesday evenings.
